For estates of decedents dying after December 31, 2018.

Indicate whether the return is an "original" filing or an "amended" return, whether there is a surviving spouse and if so, whether a Maryland QTIP is being claimed on Schedule D of the MET-1. Also indicate whether alternate valuation and/or the Maryland Qualified Agricultural Exclusion are being elected, if a refund is being claimed, and if an alternate payment plan is being requested. Finally, indicate if the federal return, Form 706, has been or will be filed with the Internal Revenue Service and whether that filing is being made (1) because the filing is required by law; (2) to elect to transfer the decedent's unused exclusion amount to the surviving spouse (portability); (3) for some other reason.

Section I	Complete all of the information concerning the decedent.	Line 13	If the augmented gross estate includes only Maryland property, enter the lesser of line 9 or line 10. If the augmented gross estate includes property in Maryland and outside the state, enter the lesser of line 9 or 12. The amount reported on line 13 is the gross Maryland estate tax liability. This amount must be satisfied by the due date of the return shown on page 1 to avoid interest and penalty.
Section II	Enter the information concerning all person(s) responsible for filing the return. Enter the information to indicate where correspondence should be sent. This is the individual the Comptroller will contact if additional information is required or if a deficiency/refund notice is necessary. The person(s) responsible for filing the return will be contacted in the event the contact person does not respond or if no contact person is listed. All person(s) responsible for filing the return must sign and date the return.	Line 14b	Enter the portion of any tax paid to another state or territory on property included in the Maryland estate shown on line 26 of Schedule A. Section IV	Computation of Maryland estate tax for estates of decedents dying after December 31, 2018. Include the federal return, complete with all schedules, attachments and supporting documents when filing the Maryland estate tax return. The value of the property of the estate must be based upon fair market value/appraisals from Certified Appraisers.	Line 16b	Enter the total Maryland estate tax paid with previously filed returns.
		Line 18	Interest is assessed on any portion of the Maryland estate tax liability (line 13) that is not satisfied by the statutory due date on page 1 of the return. See Administrative Release #14 for the current interest rates. Interest is calculated from the due date to the date of payment.
		Line 19	Late payment penalty of up to 10 percent is assessable on any portion of the Maryland estate tax (line 15) that is not satisfied by the statutory due date on page 1 of the return. A 25 percent non-compliance penalty is assessed for failure to comply with a notice and demand for the filing of the return within the time prescribed. A penalty of 25 percent of the amount of the underpayment of tax is assessed where the underpayment is attributable to any substantial estate tax valuation understatement and where the underpayment is greater than \$5,000.
Line 2	Complete Schedule C and enter the value, as of the decedent's date of death (or alternate valuation date, if elected), of Maryland Qualified Terminable Interest Property (QTIP) for which an election was previously made on a Maryland estate tax return filed for the estate of the decedent's predeceased spouse. Tips for faster processing of Maryland Estate Tax returns with no tax liability:

As a result of the marital deduction/Maryland QTIP, please flag the following pages of the filing:

- Form MET-1, page 2;
- Form MET-1, Schedule D, if a QTIP election is being made;
- Form 706, page 2; and
- Form 706, Schedule M. Please also ensure that items 1-3 and all subsections are complete.

As the result of charitable deductions, please flag the following pages of the filing:

- Form 706, page 3;
- Form 706, Schedule O; and
- The relevant page of the will, trust, or other documentation designating the charitable beneficiary or otherwise authorizing the charitable donation.

Alternate Valuation: With regard to an election to value property as provided in §2032 of the Internal Revenue Code, if a federal estate tax return is not required to be filed with the Internal Revenue Service, an irrevocable election made on a timely filed Maryland estate tax return shall be deemed to be an election as required by §2032(d) of the Internal Revenue Code. In such cases, the provisions of §2032(c) of the Internal Revenue Code do not apply. An election may not be made unless that election will decrease the value of the gross estate, and the Maryland estate tax due with regard to the transfer of a decedent's Maryland estate. Report an election for alternate valuation of property by entering a check mark in the appropriate box on the front page of the Maryland estate tax return, and by reporting the same on the pro forma Form 706 filed with the MET 1. You must attach all of the required statements and

appraisals. In cases in which a federal estate tax return is filed with the Internal Revenue Service, an election for alternate valuation of property for Maryland estate tax purposes must be the same as the election made for federal estate tax purposes.

Maryland Qualified Agricultural Property (QAP) Exclusion: To elect to exclude up to \$5,000,000 of the value of qualified agricultural property from the value of the gross estate and benefit from a tax rate not to exceed 5% of the value of such property exceeding \$5,000,000, certain forms must be filed with the Comptroller as attachments to the Maryland Estate Tax Return. To request these forms, please call the Estate Tax Unit at (410) 260-7850.

Portability of the Maryland Deceased Spousal Unused Exclusion (DSUE): Portability provides that any unused basic exclusion amount that remains at the death of the last deceased spouse (called the "deceased spousal unused exclusion amount") may be used by the surviving spouse, in addition to the surviving spouse's own exclusion. The last deceased spouse is the most recently deceased person who was married to the surviving spouse at the time of the surviving spouse's death.

All portability elections must be made in accordance with MD Code, Tax - General, § 7-309.

Portability can only be elected on a timely filed estate tax return of the predeceased spouse whose exclusion is intended to be used, regardless of whether the estate of the predeceased spouse is otherwise required to file a tax return. If a person files a Maryland estate tax return **solely** for the purpose of making a portability election, the personal representative shall file the Maryland estate tax return within **5 years** after the date of death of the decedent.

The DSUE amount can only be claimed by surviving spouses who die on or after January 1, 2019. The DSUE amount cannot exceed \$5,000,000 or the amount of the unused basic exclusion amount, whichever is less.

How to Elect Portability:

Nonresident Predeceased Spouses or Predeceased Spouses Dying Prior to 1/1/2019

To elect portability of the decedent's unused exclusion amount for the benefit of the surviving spouse, the estate's personal representative must timely file Federal Form 706 and make the relevant portability election. (No MET-1 is required to be filed if the estate is under the Maryland filing threshold.)

Predeceased Spouses with Maryland Property Dying on or after 1/1/2019

To elect portability of the predeceased spouse's exclusion amount for 2019 decedents and later, the personal representative of the predeceased spouse must file a timely MET-1 and complete Schedule F, Part I, even if the predeceased spouse's estate is not taxable. Please note, the MET-1 requirement only applies if the deceased spouse either (a) was a Maryland resident, or (b) property with a Maryland estate tax situs was included in the gross estate. As provided in MD Code, Tax - General, § 7-309(b)(9)(ii)2, nonresident predeceased spouses whose gross estates do not include Maryland property are subject to the same rules as a pre-2019 deceased spouse.

How to Claim DSUE on Surviving Spouse's MET-1:

Nonresident Predeceased Spouses or Predeceased Spouses Dying Prior to 1/1/2019

Complete Schedule F, Part II and Section IV, Line 8b. You must also attach a copy of the predeceased spouse's Federal Form 706. The Federal Form 706 must include a valid portability election.

Predeceased Spouses with Maryland Property Dying on or After 1/1/2019

You must file the MET-1 and complete Schedule F, Part II and Section IV, Line 8b.

Extension of time to file: The Comptroller may extend the time to file an estate tax return up to 6 months, or if the person required to file the estate tax return is out of the United States, up to 1 year.

An application form, MET 1E must be filed with the Comptroller on or before the statutory due date and should include: a copy of the federal extension request, Form 4768, if applicable; for

remittance of the estimated Maryland estate tax; or a request for an alternative payment schedule. See Administrative Releases #4 and #30 for additional instructions.

When and Where to pay the tax: The Maryland estate tax is payable to the Comptroller of Maryland nine months from the date of death. The check should be mailed directly to the Comptroller of Maryland, Revenue Administration Division, P.O. Box 828, Annapolis, Maryland 21404-0828 with the remittance form MET 3 that is included in the return package. The Comptroller may allow an alternative payment schedule for the Maryland estate tax in the form of a payment deferral or installment payment plan. See Administrative Release #30 for specific procedures.

Interest, Penalties and Liens: Interest will accrue at the statutory rate on unpaid Maryland estate tax from the due date of the return to the date of actual payment. See Administrative Release #14 for current rates. Penalties are provided by statute for:

1. failure to pay the tax when due - up to 10 percent; and
2. failure to comply with Notice and Demand - 25 percent; and
3. substantial estate tax valuation understatement - a 25 percent penalty applies to any underpayment of Maryland estate tax if the underpayment exceeds \$5,000 and is attributable to a "substantial estate tax valuation understatement," which is defined as a valuation at 60 percent or less of the amount determined to be the correct value.

Unpaid tax, interest and penalties, become subject to lien in favor of the state upon all property and rights to the property belonging to the estate.

Reporting of Adjustments: After a Maryland estate tax return has been filed, an amended Maryland estate tax return (Form MET1) shall be filed if the Maryland estate tax liability is increased because of:

1. a change in the federal gross estate, federal taxable estate, federal estate tax, or other change as determined under the Internal Revenue Code;
2. after-discovered property;
3. a correction to the value of previously reported property;
4. a correction to the amount of previously claimed deductions; or
5. any other correction to a previously filed return.

The amended return shall be filed within 90 days **after the later to occur of the date of the event** that caused the increase in the Maryland estate tax liability or the date on which the person required to file an amended Maryland estate tax return learned or reasonably should have learned of the increase in the Maryland estate tax liability. Any additional tax, interest and penalties determined to be due shall be paid to the Comptroller of Maryland at the same time the amended return is filed.

Refund of Excess Payment: If an adjustment results in a decrease in the Maryland estate tax, the person responsible for filing the Maryland estate tax return shall file an amended return (Form MET 1) to claim a refund of previously paid Maryland estate tax. Claims shall be supported with documents required by the Comptroller. Refunds found to be due shall be paid by the Comptroller as provided for in Section 13-901, Tax-General Article, Annotated Code of Maryland.
